## DUKE NUKEM II

Shareware Software for the IBM PC and compatibles

*The all new and improved adventures of Duke Nukem*

# DUKE NUKEM II

Duke Nukem won fame in his first adventure against Dr. Proton. Now he's back in an all new arcade adventure and he's looking better than ever before. Duke Nukem II features parallax-scrolling playfields, new moves and great new VGA graphics. The Duke blasts his way through huge levels defeating guards, mutants, robo-droids and traps along the way. He even gets the chance to fly a space shuttle! There are also new special abilities and four great weapons: a blaster, laser cannon, missiles and a flamethrower that doubles as a jet pack. There's also plenty of secrets to discover and familiar touches from the original Duke Nukem like soda cans for health and spy cameras to destroy.

**About Shareware:**

Shareware is an exciting marketing method which allows you to try top quality software before you pay the author. With Shareware, you cannot be disappointed spending money for a program that's not right for you. The small fee you pay to us covers only the duplication and distribution costs, and permits you to evaluate the program. If you continue to use the program, you must send the author an additional payment which may entitle you to technical support, a printed manual, bonus programs, and more. Your payment supports authors allowing them to continue writing newer and better Shareware programs.

**Requirements:**

286 or better IBM or compatible computer with 640Kb RAM, VGA graphics and a hard disk. Joystick and Sound Blaster, Adlib or compatible sound card optional.
